

LABI College
Association of Biblical Higher Education (ABHE) Accreditation Update

LABI College has worked diligently as a community of believers to assure that our goal of a Biblically-based accreditation is in reach. Below is an overview of this progress, representing several years of good work to demonstrate that we have sufficient policies, governance, educational quality, qualified faculty, support systems, learning objectives, research and assessment, and fiscal responsiveness worthy of the next phase of accreditation (Candidacy Status). Please feel free to review the nearly 700 pages of documents that support our latest ABHE responses (November 15th, 2015). We ask for your continued prayers as we continue with our progress, process and vision to help LABI College achieve accreditation and become one of the best Bible Colleges, to better equip tomorrow's pastors and church leaders. If you have any questions, please do not hesitate to contact me directly: 951.534.6635 (cell) or by email: mharris@labi.edu I would welcome a meeting or conversation.

Marty Harris, PhD
President, LABI College
