HISTORY
LABI College is an educational institute that holds the distinction of being the oldest existing Hispanic college in the United States. The leading founder of LABI was an Assemblies of God missionary named Alice E. Luce. She was born in England on January 22, 1873 and was formally an Anglican missionary to India. After experiencing the baptism of the Holy Spirit she left the Anglican Church and joined the Pentecostal movement. It was in Canada that she received a call to evangelize Mexico but the Mexican Revolution was just beginning and there was a strong Catholic opposition that was brewing against Pentecostals. As she journey south she realized that she could not effectively evangelize Mexico and so she settled in Los Angeles to open a mission church called El Aposento Alto. During her early ministerial years in Los Angeles she faced much gender discrimination and resistance from Oneness Pentecostals, Catholics, and Spiritism. But this challenge did not wane Luce’s desire to convert and disciple new believers. She was even more committed to her goal of educating Latinos so that they may enter the mission field.

Along with Henry C. Ball, another Assemblies of God missionary, they noticed that there was a lack of Mexican ministers who were inadequately prepared to continue the mission churches and evangelize Mexicans in both the United States and Mexico. At the time, most Mexican ministers had no formal education given that they worked in the plantations and when they did convert, the first book they began to read was the Bible. Then, on October 1, 1926, Alice E. Luce, joined Ralph and Richard Williams to establish LABI in San Diego, California which at first was called Berean Bible Institute. Luce wrote many of the curriculums and taught the classes in Spanish. While experiencing a time of growth, the institute moved in 1935 from San Diego to nearby La Mesa, California, and then again in November 2 1941 to Los Angeles. But as more students enrolled for ministerial training, overcrowded conditions made it imperative to find larger facilities. When the school moved to La Puente, California in 1949, which is the site of the present facilities, it was under the leadership of Theodore Bueno who was a former LABI graduate and missionary. It was in La Puente that the school’s focus changed from being a missionary emphasis school to one that prepares ministers to meet the needs of society.

LABI not only became a ministry training school but also a great educational opportunity during a time in which segregation and barriers to education opportunity in California were limited. In the 1950’s Jesse Miranda, who was a teacher and later became a President, recognized that LABI was becoming one of a few options for Latinos to enter college. But intellectual shift and need to raise academic standards led LABI in the 1980’s seek to become an accredited college, teach courses in English, and change its name to LABC. But not enough support was developed and as a result, partnerships were developed with other Christian liberal Arts colleges in order to meet the students’ demands for higher education while keeping the distinct Pentecostal and ministry formation as its central goal. Its name was changed back to LABI and remained this way throughout the 80’s until 2013. In 2013 LABI’s name was changed to LABI College to reflect the associate degree and college level courses that it offers.

Alice E. Luce believed in the indigenous principle in which the goal of missionary work was to leave the church with its own self-supporting, self-propagating, and self-governing leadership. Her missionary method and vision remained an underlying factor in the success and identity of LABI as an autonomous and Hispanic serving college. But as the needs of Luce’s context have changed and so have the identity of students who come to LABI. Historically, we can observe that LABI was once a school in which Latinos learned how to be missionaries (1926-1949), then pastors and evangelists (1950-1978), ministers, evangelist, missionaries, and pastors who desired to be educated (1980-2010), and now students who wish to attain an accredited degree while recognizing that an integral part of what it means to be equipped for ministry is to gain a college education (2010-present).
ABOUT THE COLLEGE
LABI College is located in the city of La Puente, California, 12 miles east of Los Angeles at the entrance of the beautiful San Gabriel Valley. The beautifully landscaped campus includes newly completed dormitories that can accommodate 124 students, the administrative offices, a classroom/library complex, cafeteria, and chapel. LABI is within one hour driving distance of the ocean beaches and snowy mountains. Other Southern California attractions include Disneyland, Knott's Berry Farm, and Universal Studios.

Spiritual Life
The goal and focus of our spiritual life is form students to be well educated leaders for the next generation. LABI’s educational paradigm emphasizes important areas such as chapel, counseling, practicums, discovery of spiritual gifts, and relationships. Students are given time to mature and grow in each one of these areas through vibrant chapels, mentoring, discipleship, and morning prayer.

Chapel
Chapel services are conducted three times a week and attendance is required for on and off campus students. Worship, prayer, and the Word of God are emphasized as students take a leading role in the administration of the service. Many exciting speakers are featured throughout the year, including missionaries, pastors, faculty, alumni, students, and administration. See student Handbook for further details about absences.

Employment
We have a limited number of opportunities for a Work Study Program where students work one hour a day in various jobs/tasks at LABI to off-set their tuition cost. The campus is located near an industrial area and offers many part-time and full-time jobs. With the help of local churches, internships are offered to interested ministerial students.

Administrative Office Hours
The administration is available to meet with students on an appointment basis during office hours. Hours are 8:00am to 5:00pm Monday through Friday. Students are encouraged to schedule an appointment with the administrative staff during work hours.

Student Conduct
The formation of Christian character and conduct in the lives of the students is very important at LABI. The school administration at its discretion dismiss a student from school for serious incidence or repeated incidence of an intoxicated or drugged state of behavior; possession of illegal weapons on school premises; behaviors that create a safety hazard to other persons at school; disobedient or disrespectful behavior to other students, an administrator, faculty member; or any other stated or determined infraction of conduct. Admission signifies that all students agree to abide by all rules and regulations of the school. Further information concerning student conduct and discipline is stated in the Student Handbook.

Campus Facilities
The buildings on the LABI campus are proximate to each other and reflect the architecture of the Hispanic culture. The Alice E. Luce Memorial Chapel remains open afternoons and evenings for those who desire a quiet place for prayer and meditation. The Library contains approximately 20,000 well-selected volumes in English. LABI has a two story U-shaped dormitory unit with a capacity of 124 students. Just a short distance away is the cafeteria with a capacity of 150 persons. The maximum on-campus occupancy level for the school is currently 124.

STUDENT MINISTRIES
Students who are led to take an active part in ministry are encouraged to join various LABI ministry teams. These teams are student led and fall under the supervision of various departments and administrators at LABI. Within each ministry team students will be asked to help lead others in the various activities and gain hands on experience. Participation in certain ministry opportunities may be limited but any student who is led to minister to others and be involved is welcome to join.

Eligibility and/or Requirements
Eligibility varies for different ministry teams and some standards may be higher. But all students must maintain these minimal standards in order to be considered as an applicant in taking a leadership role or participating in the ministry team. These standards do not guarantee that the student will be approved to participate within a ministry team.

1. Students must submit an application to join a ministry team
2. Student must earn higher than a D- and maintain a GPA above a 2.0 each semester in order to be eligible.
3. Students must be in good standing with prayers and chapel attendances.
4. Students must reflect a good testimony and godly character on and off campus.

For specific eligibility guidelines, please see Student Manual.
Student Government Association
Each year the student body elects three officials as representatives for student activities, class elections, banquets, and relations with the administration. These activities are funded by an activity fee that is paid each semester. SGA holds regular meetings with the Dean of Students in order to address student ideas and concerns.

Media Team
The Media Team is a growing popular ministry on the LABI campus. Students have the ability to exercise their creativity through Videography, Photography, video editing, green screen shooting, yearbook designing, news reporting, student newsletters, Website designing, chapel media and many other forms of communication. The media team is heavily involved with SPD and NPLAD’s Youth Conventions, too! All of these avenues of media are new ways that the Spirit of the Lord is using to minister to this new tech-savvy generation.

Student Missions
Missions are the heartbeat of LABI. Students are involved in mission prayer groups and also in various mission outreaches, both stateside and in other countries. Each year the students raise money for missionaries and mission trips in the summer with mission organizations.

Invasion Team
The Invasion ministry (evangelism team) was created by an LABI student and since its conception it has grown into an incredible ministry. Invasion’s goal is to walk faithfully in God’s word doing His perfect will, through prayer, fasting, and reading His word. In obedience to His calling, the Invasion Team aims to spread the gospel by invading hospitals, orphanages, rehabs, the addicted, the prideful, the rich and poor so they can encounter God’s everlasting love in their lives. Invasion will also provide opportunities for LABI students to engage real life ministry, build their faith and dependence on God.

Worship Teams
The LABI Touring Team represent the school by traveling to many churches and functions throughout the year. The group is under the direction of the music director, and auditions are held every semester. Music scholarships are available to qualified students. In addition, many students form their own smaller groups for ministry purposes.

Mobilization
Students are challenged to put their learning into practice through required ministry practicums. Each student may choose a ministry area in which to become involved and learn by doing. Many local churches and outreach ministries are open to students and offer the opportunity to work directly with a pastor or ministry director. Each student is required to complete at least four semester ministry practicums. In addition, ministry opportunities and positions are available outside of the practicum program. More information may be acquired through the Campus Pastor.

Degree Offered in Bible and Ministry

For over eighty years LABI has offered an education in biblical, theological, and ministerial studies. Today, reflecting the needs of a multicultural and Hispanic context, the college’s curriculum focuses on preparing men and women who have a calling from God to enter into either full-time ministry, lay ministry, or pursue higher education. Our Associate degree in Bible and Ministry aims to meet the needs of a new generation of ministers who view higher education as an essential component to being equipped to do ministry. This degree programs encompass the essential biblical, theological, ministerial, and general education courses that will equip students for ministry and higher education.

1. Identify and articulate the core theological teachings of Christianity and the Pentecostal tradition as described in the Statement of Fundamental Truths of the Assemblies of God.
2. Interpret scripture with the tools of higher biblical criticism in order to discover the text’s meaning.

The grading system is as follows:

- **A** = 100% - 93%  **Excellent**
- **A-** = 92% - 90%  **Above Average**
- **B+** = 89% - 88%  **Satisfactory**
- **B** = 87% - 83%  **Low Pass**
- **B-** = 82% - 80%  **P** = Passing
- **C+** = 79% - 78%  **C** = 77% - 73%  **I** = Incomplete
- **C** = 72% - 70%  **D** = 67% - 63%  **F** = 59% - 0%
- **D+** = 69% - 68%  **F** = Withdrawal Failure
- **D** = 62% - 60%  **W** = Withdrawal
- **F** = 59%- 0%

The grade average required for certifying completion of a course of study is 60%

No credit will be given for courses below this percentage.

Records
A student’s academic performance is recorded as permanent. Once a letter grade is issued to a student it is recorded in his or her permanent record. A grade can only be changed by the faculty member that issued it (see section on grade change). The time limit for this type of grade change is six months. After this time no one can make any changes to the student’s permanent record. Once a grade is issued and is recorded in the student’s permanent record it will appear in every transcript issued by the school. For this reason students should pay careful attention to their academic transcript in order to see what is being recorded. A student may look at his or her transcript by making an appointment with the academic staff for this purpose. Or a student may fill out a transcript request form that may be attained from the academic office in order to receive by mail an unofficial transcript.

Incomplete
An incomplete is available to a student if he or she does not submit all course assignments by the end of the class for unexpected reasons. They are not automatic extensions for late work. To request for an incomplete the student needs to officially request for an extension by filling out the incomplete form. This form must have both student and professor signatures and submitted to the registrar by the end of the semester. The incomplete will appear as an “I” on the student’s transcript until all course work is submitted, at which time the letter grade of “I” will be changed to the new grade given. If no assignments are turned in after the fourth week the student will receive an automatic “F” and will be recorded in the student’s permanent academic record.

Grade changes
A grade can only be changed by the faculty member that issued the grade and only within six months. A faculty member may change a grade if the original grade given had a typographical error or if by petition of the student the faculty member reevaluates course work and discovers that a grade change is in order, or to change an incomplete into a letter grade after receiving the assignments that were due.

Adding/Dropping Courses
During the first two weeks of each semester a student may drop a course without financial and academic penalty. After the last day to register the student may drop a course without academic penalty but receive a “W” on his or her transcript. However, the student will be responsible for any fees. Any dropped course after 75% into the semester the student will be given a “WF” on his or her transcript. To add/drop a course the student must fill out an add/drop form. Form must be filled out and turned into the Academic office to officially drop from course. Faculty or Registrar will not automatically drop courses. The student is responsible for making sure that the drop was registered with the Registrar. If the student fails to follow the appropriate steps to drop or add a course he or she is still be responsible for paying the full tuition and will be issued a letter grade for the course (an F if the course work has not been done).

Repeat Courses
Since course credit will only be issued once any student receiving a grade below a "D-" may repeat the course for a higher grade. However, the both grades will be recorded on the student’s transcript and calculated in the GPA.

Make-up Exams
Approval for taking early or late exams must be obtained from the instructor and Academic Dean. Make up exams must not occur later than the 3rd week of the primary exam date.

Academic Warning, Probation and Expulsion
A full time student must achieve a cumulative grade point average (GPA) of 2.0 in order to be in good academic standing. If the student falls below a 2.0 the student will be given an academic warning. If the student falls below a 2.0 for two semesters the student will be on academic probation. As a student in academic probation he or she will not be able to register for more than 13 units.
If the student’s GPA falls below a 2.0 for the third time the student will be subject to academic expulsion from the Associate program and only allowed to transfer into the diploma program. Students on Academic Warning and Probation are not eligible to participate in extracurricular student ministries.

**Plagiarism**
Plagiarism is the act of taking the writings of another person and passing them off as if they were one's own. LABI maintains its commitment for a high ethical standard in both one's lifestyle and academic integrity. For this reason, the school does not tolerate plagiarism and if the student has been found to have plagiarized any text, presentation, or sermon, whether it is written or oral, the student will receive an automatic zero for the assignment and meet with the Academic committee for further disciplinary actions. These actions will include academic probation, the inability to pass the class and the possibility for expulsion if the action continues.

**Instruction Hours**
Students are awarded credit for classes on the basis of the Carnegie unit. One unit is considered to be 50 minutes of lecture class time and two hours per week of homework. For example, a three unit course meets 2.5 hours a week for 15 weeks which totals 37.5 hours of class lecture. Final exam week is not included in this calculation.

**Class Absences**
Attendance in class is required. All absences are unexcused except for those under the following circumstances: illness, death or birth in the immediate family, or other valid reasons substantiated in writing and at the discretion of the Academic Dean. A student may not be absent more than 20% of the class time which is three weeks of absences. Absences beyond the amount allowed result in failure for the course.

**Tardiness**
Tardiness is a disruption of a good learning environment and is discouraged. Our teachers have the authority as to when to consider a student tardy. If a student is more than 15 minutes late for a class, he/she will be considered absent for that class period of time whether or not he/she remains in class.

**Independent Study**
Independent Studies are allowed only under extremely special circumstances with the approval of the Academic Dean. An application must be filled out and turned into the registrar along with the registration form. If the registration is received without the approved form it will be returned to the student.

**Academic Honors**
Students who graduate with a GPA above 3.85 will graduate with the honors of suma cum laude, 3.65-3.84 will graduate with the honor of magna cum laude, and 3.5-3.64 will graduate with the honor of cum laude.

**Degree Requirements**
