**SEX OFFENSES**

The federal Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. In California, convicted sex offenders must register with the local law enforcement agency for the jurisdiction in which they live. You can link to this information, which appears on the California Department of Justice's official web site www.meganslaw. ca.gov.
