

Graduation Rates

*Graduation rates are calculated based on the fall cohorts composed of students who began the program who are on schedule to graduate on-time. LABI College still reports first-time, full-time cohort graduation rates to the Department of Education (IPEDS) and our accreditation agency. “**Students Available for Graduation**” is the number of students who began the program minus the number of students who have transferred, died, been incarcerated, or are in active military duty.

“**Number of On-time Graduates**” is the number of students who completed the program within 100% or 150% of the published program length.
